

BOARD & STAFF TRAVEL

I. PURPOSE

To establish criteria and approval authority for reimbursement of travel and meal expenses for Sonoma County Employees' Retirement Association (SCERA) employees, Administrator, service providers and Trustees.

II. POLICY

SCERA administrative budget funds shall be spent to pay actual and necessary travel expenses of employees, Administrator, service providers and Trustees only in accordance with this policy. In the event expenses are incurred which exceed those listed in this policy, the cost borne or reimbursed will be limited to the costs that fall within this policy. No reimbursement for travel shall be paid from SCERA administrative budget funds for employees, Administrator, service providers and Trustees except as authorized by this policy, and in conformance with the adopted budget. This policy shall also be subordinate to any other provisions of law pertaining to travel. This policy applies to any travel claim, notwithstanding the source of funding, including the management benefit allowance and textbook and tuition funds except as may be specifically contradicted otherwise in an applicable Memorandum of Understanding (MOU).

SCERA employees, Administrator, service providers and Trustees will obtain prior approval, on a travel authorization form, from the Administrator (or designee) for travel and meal reimbursements under this policy. Upon approval by Administrator or designee, employees will be reimbursed for expenses incurred.

A. Travel Reimbursement Criteria

1. Types of occurrences for which expenses may be paid.
 - a. Travel and meal expenses may be paid only when they are incurred for the purposes of conducting official SCERA business, representing SCERA in an official capacity, or for obtaining training or information directly beneficial to SCERA operations.
 - b. The actual cost of travel should be reasonable, utilizing the least expensive methods available as determined by the Administrator or designee, given the particular circumstances involved in each trip.
 - c. By Administrator or designee approving travel and meal reimbursement, it is assumed that the travel expenses incurred are

considered reasonable and necessary by the Administrator or designee.

2. Expenses that can be paid or reimbursed.

a. Transportation expenses.

Actual and necessary transportation expenses consist of the most economical mode and class of transportation reasonably consistent with scheduling needs and cargo space requirements, using the most direct and time-efficient route, based on a determination by the Administrator or designee, given the particular circumstances involved in each trip. In addition, government or group rates shall be used when available. Personal vehicle mileage costs will be reimbursed based on the provisions of the current applicable salary resolution. A personal automobile mileage claim form must be completed and personal vehicle mileage costs will be reimbursed through payroll. If transportation does not begin or does not end in Sonoma County, Board approval of transportation expense reimbursement is required.

b. Lodging expenses.

Actual and necessary lodging expenses may be paid or reimbursed when travel on official SCERA business reasonably requires an overnight stay. If such lodging is in connection with a conference, lodging expenses must not exceed the group rate published by the conference sponsor for the meeting in question if such rates are available at the time of booking. If the group rate is not available or for expenses not associated with a conference, government rates must be requested, when available. Lodging rates that are equal to or less than government rates are assumed to be reasonable and reimbursable for purposes of this policy. In the event that government rates are not available at a given time or in a given area, lodging rates that do not exceed the median retail price for lodging for that area shall be considered reasonable and reimbursable. By Administrator or designee approving the lodging reimbursement, it is assumed that the lodging expenses incurred are considered reasonable and necessary.

c. Meal expenses.

Actual and necessary meal (breakfast, lunch and dinner) expenses, including gratuities, may be paid or reimbursed when traveling on official SCERA business outside the geographical boundaries of Sonoma County, and should not exceed a maximum of \$90 each day per person. Receipts will be required to document meal expenses under this provision. The County Auditor-Controller/Treasurer Tax Collector will maintain a record of any annual change in this amount and shall each year notify the public entities for which this policy is adopted by posting the new limitations on the County intranet and/or internet. A meal expense is not necessary and will not be paid or reimbursed by SCERA if that meal is included as part of a conference or mode of travel (e.g. airline in-flight meals).

If traveling in a group, an individual may cover the cost of meals for a group and claim reimbursement for the full amount. In this case, the number of people for whom the meal was purchased must be noted, along with their names, titles and a statement of the business purpose.

Expenses for alcoholic beverages will not be paid or reimbursed by SCERA.

Snacks, including vending machine purchases, bottled water, coffee and mini-bar charges will not be paid or reimbursed by SCERA.

d. Miscellaneous expenses.

Actual tolls, ground transportation, parking expenses, baggage fees, communications (internet, fax, telephone, postage and copying/printing), and laundry costs for lengthy trips may be paid or reimbursed if considered reasonable and necessary and approved by the Administrator or designee. Only self-parking expenses necessary for the claimant's vehicle will be paid. Valet parking will not be paid if there is an alternative.

Personal travel club memberships, ticket vouchers or discount program fees will not be paid or reimbursed by SCERA, and SCERA will not reimburse fees waived as a result of such

membership. In order for miscellaneous expenses to be reimbursed, they must be actually incurred by the traveler.

- e. Other actual and necessary expenses not listed in this policy may be paid for or reimbursed if considered reasonable and necessary and approved by the Administrator or designee. Expenses for days prior to or after a conference or meeting will be reimbursed only if the extension results in overall trip costs that are the same as or lower than overall trip costs without the extension.

3. Expense report content and submission requirements.

All expense reimbursement requests must be submitted on an authorization for travel and expenses report form (expense reports). Expense reports must identify how the expenses relate to the conduct of SCERA business and document that the expense in question met the requirements of this policy. Expense reports must be submitted within 60 days of return and must be accompanied by itemized receipts documenting each expense. In some cases, itemized receipts may not be readily available, such as for tips, parking meters, or bridge tolls. In these limited instances, the employee or Trustee may submit a Replacement Receipt Form, signed by the employee or Trustee, certifying that the expense was incurred and is reimbursable and an itemized receipt is not available to submit. This Replacement Receipt Form will serve as the official receipt documenting the expense. Employees and Trustees should make every attempt to obtain itemized receipts for all travel expenses claimed.

- B. Additional Meal Reimbursement Criteria for In-County Meals and Drinks

1. Reimbursement for meal expenses of SCERA employees, Administrator, service providers and Trustees while conducting business within the County.

SCERA employees, Administrator, service providers and Trustees shall be reimbursed for meal expenses incurred while promoting the interests of SCERA within their particular areas of responsibility. Such expenses may include costs for persons who are not SCERA employees but who are involved in official SCERA business.

Claims for such expenses shall include itemized receipts supporting the reimbursement requested. In these cases, additional documentation must be provided with the request for payment as noted below under additional

documentation related to in-county purchases of food or drinks. By signing off as claimant on the request for reimbursement, the official is swearing to the facts justifying the expense under the provisions of this policy.

When multiple meals are claimed for a single day, the total amount reimbursed must fall within the amount approved by the limits established by this policy.

2. Reimbursement for meals for meetings of the Retirement Board, employee workgroup or events.

With Administrator or designee approval, meals purchased by the department, for staff, trainers, speakers, and subject matter experts required to attend trainings, meetings and events, which result in staff and/or Trustees working during meal time, may be paid or reimbursed by SCERA. In the case when staff is working after normal work hours, and it is more practical to provide meals than to have staff leave and return, meals may be paid or reimbursed by SCERA. The need to schedule meetings during mealtime should be necessary and extraordinary. In these cases, additional documentation must be provided with the request for payment as noted below under additional documentation related to in-county purchases of food or drinks.

3. Meals during emergency situations.

With Administrator or designee approval, when employees are required to work continually before, during, and after normal meal periods to respond to emergencies, the SCERA may provide those employees with food or drinks, provided the amounts claimed are within the limitations of this policy.

In these cases, a written explanation must be provided detailing the emergency situation, and additional documentation must be provided as noted below under additional documentation related to in-county purchases of food or drinks.

4. Additional documentation related to in-county purchases of food or drinks.

Every attempt should be made to provide as much documentation as possible when in-county food or drinks are purchased for employees or others. At a minimum, a written explanation must be provided detailing the business purpose and the number of people these items were provided

for. By Administrator or designee approving the claim for reimbursement, it is assumed that the expenses incurred are considered reasonable and necessary.

C. Out of State Travel Criteria

Out of state travel, lodging and meal expenses incurred while on SCERA business outside of the State of California shall be reimbursed on an actual cost basis. This travel will have been included in the Board-approved budget or will be approved by the Board if it has not been included in the budget.

D. Travel Budget

Annually the Board shall set an appropriation within the annual budget for SCERA employees, Administrator, service providers and Trustees education/travel use. The annual fiscal year budget shall be adopted at a public meeting each year. The Retirement Administrator is responsible for developing and managing education and travel expense programs consistent with the best interests of SCERA and for justifying the annual budgetary requests. A schedule of conferences, meetings and seminars will be developed and maintained to assist in the planning and budgeting of travel for the Board and staff. Anyone who attends a seminar, on-site visitation or conference should be prepared to report on the content and the continuing value for future attendance by other Board or staff members.

III. REVIEW

The Board shall review this policy at least every three years to ensure that it remains relevant and appropriate.
